

Electrolux T4420S 45 lb. Stack Dryer

Energy saving and fast drying – with Reversing standard!

Increase store washing and drying capacity – increase your profits!

Self-service laundries earn a higher vend price per square foot and in-house laundries increase productivity with our new 45 lb. stack dryer. It's the perfect match for large washers and makes drying family-sized loads and big items such as comforters and sheets easy. Reversing means garments don't tangle therefore they dry more quickly using less energy.

It not only dries faster and saves energy – it fits through a standard 36" door!

Features and benefits:

- **EcoPower technology!** In addition to the already low energy costs you'll enjoy with Electrolux dryers, you can save up to an additional 15% on your energy costs with our very latest innovation. This energy-saving feature senses when laundry is dry and automatically reduces the operating temperature in the dryer. Gentler on clothing, less wrinkling, and lower energy costs.
- 120 volt, single phase for easy installation.
- 31% more available heat power and 69% more available hot air than with a 30 lb. stack dryer.

Designed with you in mind:

- Fits through a standard 36" door
- Dual controls, meters, and money boxes
- Extra large doors with 27" openings
- Large, easy to clean lint drawers
- Superior performance and reliability
- Quiet operation. Designed to keep noise level below 70 dB (A).

*Model T4420S 45lb. stack dryer.
Available for coin and on-premises
laundry operations.*

Coin, card ready, or OPL.

The future of professional laundry is here.

| Inlet Pipe Connection | 3/4" MNPT | |

Refer installation and servicing to qualified, licensed personnel. Always read installation and operating manuals and consult local codes before installation. Protect machines with properly rated, inverse-time, common-trip, industrial-type circuit breakers ONLY. Warranty void if not properly installed. Advise when placing order if dryers are for installation at altitudes in excess of 1000 feet above sea level, as this may require a gas-orifice change. Contact Electrolux/Bermil for more information and availability of machines for electric services not listed. Specifications subject to change without notice. Electrolux/Bermil assumes no responsibility for errors or omissions in this information.
