

Electrolux Dryers for Coin/Card Laundries

30x30 Stack, 45x45 Stack, 30 lb, 60 lb, and 77 lb

High performance combined with significant energy savings.

Built to last, Electrolux dryers are precision-engineered for efficiency, ease of use, and superior drying results. Perfect for coin/card laundries, your customers will love the fast drying and user-friendly controls. You'll appreciate the "green" engineering, easy operation, and years of low maintenance.

Features and benefits:

- **EcoPower technology!** In addition to the already low energy costs you'll enjoy with Electrolux dryers, you can save up to an additional 15% on your energy costs with our very latest innovation. This energy-saving feature senses when laundry is dry and automatically reduces the operating temperature in the dryer. Gentler on clothing, less wrinkling, and lower energy costs.
- Optimal combination of gas consumption (Btu/hr) and airflow (CFM) provides the fastest drying with lowest energy consumption.
- Extra large doors make loading and unloading easy.
- Increase your profits per square foot with large Electrolux dryers - the perfect match for big load Electrolux washers.
- Self-cleaning lint screen and large lint compartment for easy maintenance.
- Quiet operation. Designed to keep noise level below 70 dB (A).

Designed with you in mind:

- **Reversing drums are standard!** With reversing, garments don't tangle therefore they dry more quickly using less energy.
- Sturdy drum suspension with double-sealed bearings and belt drive.
- Easy access to parts.
- User-friendly, accurate, and flexible dryer control.

*30x30, 45x45, 30, 60 and 77 lb. capacities.
Available in stainless or wave front panel.
Choice of card ready or drop coin payment.*

The future of professional laundry is here.

With more than 100 years of experience designing professional laundry equipment, Electrolux is dedicated to providing you with precision-engineered washers, dryers, and flatwork ironers. Products are certified in accordance with ISO 9001 and ISO 14001 standards, guaranteeing Electrolux Professional's long-term commitment to quality and the environment.

Take control of your laundry operations with Electrolux Professional Laundry.

Refer installation and servicing to qualified, licensed personnel. Always read installation and operating manuals and consult local codes before installation. Protect machines with properly rated, inverse-time, common-trip, industrial-type circuit breakers ONLY. Warranty void if not properly installed. Advise when placing order if dryers are for installation at altitudes in excess of 1000 feet above sea level, as this may require a gas-orifice change. Contact Bermil/Electrolux for more information and availability of machines for electric services not listed. Specifications subject to change without notice. Bermil/Electrolux assumes no responsibility for errors or omissions in this information.

ELECTROLUX DRYER CONTROL

Electrolux Selecta II control provides perfect results every time.

Selecta II Coin / Card

- 4 temperature settings.
- Displays remaining drying time.
- Coin, token, debit card compatible.
- Complete diagnostics and service mode.
